## LOCAL GUARD GOES TO CAMP ON SATURDAY

Seventy-seven members of the local National Guard unit will leave Saturday morning for Indiantown Gap for the annual two-weeks summer training of the Guard.

At the Gap the men will fire, for the first time, their new 105-millimeter gun which became part of their equipment when it was changed from a reconnaissance squadron to the Howitzer Company, 2nd Battalion, 104th Armored Cavalry Regiment.

Members of the company today were engaged in gassing, oiling and lubricating the M-7 tank carrying the 103 howitzer, the four half tracks, three jeeps, two 2½-ton trucks and the ½-ton truck which comprises the unit's mobile equipment.

Leave At 8 A.M.

In battle uniform the unit will meet at 7 o'clock Saturday morning at the armory here and will leave in its vehicles, in convoy, at 8 o'clock under command of Capt. John Dear-dorff, Jr., of Biglerville.

In the 11 vehicles with the men will be most of the equipment they will use during the two weeks' stay at Indiantown where they will train with some 4,000 non-divisional National Guard units from throughout the state.

A total of 56 units—all that remains of the National Guard since the activation of the 28th Division—will undergo intensive training under command of Maj. Gen. Frank A. Weber, adjutant general of the state. The encampment will be the smallest since the resumption of Pennsylvania National Guard summer field training in 1946.

Meet Other Units

The local National Guard unit will travel alone to the Gettysburg highway entrance to the Pennsylvania Turnpike, along the Gettysburg-Harrisburg road. There the howitzer company will join other units of the 104th under command of Lt. Col. Clair J. Stauffer. Units of the 104th are located here and at Altoona, Carlisle, York, Waynesboro, Hanover, Chambersburg, Tyrone and Harrisburg.

This year's training will mark the first time that the National Guard units will, as Guard units, integrate their training program with a combat unit already on the scene. The Gap is serving as the training grounds for the 13,000-man Fifth Infantry Division prior to its assignment overseas.

## Here And There News Collected At Random

Every school and college teacher in the United States should take a loyalty oath as a patriotic example to the people of the nation, U. S. Senator Edward Martin, of Pennsylvania, declared in a recent address.

Speaking before the annual convention of The American Legion, Department of Pennsylvania, Senator Martin sharply criticized college heads who have appeared before a legislative committee at Harrisburg in opposition to a bill requiring such an oath or affirmation. The bill which is supported by the Legion has passed the Senate and is now before the House.

"I cannot understand why any American who is true to the principles of our country should hesitate for one moment to take an oath of loyalty," Senator Martin said.

"Every real American should be proud to proclaim his Americanism, especially in these crucial times when our ideals and our way of life are under attack from those who would destroy freedom in every part of the world where free men enjoy the blessings of liberty," the Senator said.

Electric power plants used 92 million tons of coal in 1950... incidentally more than 200,000 products have their origin in coal... more automobiles are registered in California than in any other state... ## Reds Hint Compromise Over Buffer Zone Deadlock; New Group Has Friendly Meeting

Munsan, Korea, Aug. 17 (AP)—A four-man subcommittee tackled the Korean buffer zone deadlock today amid official indications the Communists are ready to compromise.

The subcommittee declined to comment on what happened in their first session—held in an unusual air of informality for Korean truce talks.

They scheduled their second session for 11 a.m. Saturday (8 p.m. Friday EST).

When they adjourned at 4:22 p.m. (1:22 a.m. EST.) United Nations and Communist delegates posed together for the first time.

While posing, Maj. Gen. Henry I. Hodes, one of the U. N. representatives, put his arm around North Korean Maj. Gen. Lee Sang Cho.

Appear In Good Spirits

The other two delegates—U. S. Rear Adm. Arleigh Burke and Chinese Maj. Gen. Hsieh Fang—also appeared to be in good spirits.

While they were negotiating behind closed doors, their discussions were broken at times by outbursts of laughter.

The informal attitude—a complete reversal of the cold military formality of all full delegation meetings—strengthened an air of hopefulness brought to Kaesong by a Red broadcast.

The Peiping radio quoted the chief Communist negotiator as saying "it is possible to adjust" the Red demand for a demarcation line along the 38th parallel "on the basis of terrain and mutual defense."

Terrain and defense are the reasons the Allies have insisted on a military demarcation along present battle lines. These are generally north of the 38th parallel.

Recess Formal Meetings

Peiping radio, official voice of Red China, reported North Korean Lt. Gen. Nam Il immediately qualified his statement by saying the United Nations delegation must abandon "its unfair and unreasonable demands" before agreement can be reached.

It was considered significant that Nam was reported to have shown willingness to compromise at the very moment negotiators decided to try a new way to break the three-week-old impasse.

Full dress negotiations were recessed until the subcommittee comes up with a recommendation—or there is some other need for a gathering of all ten delegates.

Hold Secret Sessions

The subcommittee met in secrecy. The U. N. command announced in advance that the usual communique and briefing to newsmen would be abandoned during its sessions. Communist newsmen at Kaesong said they understood the Reds would also discontinue communique and briefing.

The secrecy was to help the subcommittee fulfill the recommendation of Vice Adm. C. Turner Joy, chief U. N. delegate, to meet "around rather than across" the table. Joy suggested there would be better opportunity of progress toward ending the shooting in Korea if the problem were tackled without the specter of what has marked Kaesong negotiations.

# GOP WILL FILE ITS REPORT ON RFC HEARINGS

Washington, Aug. 17 (AP)—Republican and Democratic senators matched wits and wills today in windup of an investigation of political influence on Reconstruction Finance Corporation (RFC) loans.

The senators, members of the Senate banking committee, called an "anything-can-happen" closed meeting to fight it out.

At issue were Republican members' demands for a report criticizing President Truman in connection with alleged political conniving with the RFC, and some others on the Democratic high command.

Senator Fulbright (D-Ark.), who quarterbacked the Democratic majority on the issue, has demanded that the committee withhold all sanction from the Republicans' minority report, which he called "vicious" in its language.

**Backed by Hearings**

Fulbright himself drew down Presidential wrath last February when he wrote a report, approved by the committee, unanimously charging that the RFC yielded improperly to a political influence ring, of which it said White House Aide Donald S. Dawson was a member.

When Mr. Truman called the report asinine, Fulbright called a series of public hearings which he contends proved the first report was so accurate the committee should neither "add to nor subtract from" it.

He contends the Republican report, written by Senators Capehart (R-Ind.) and Bricker (R-Ohio), is based on political motives, and that the committee should issue now only a windup report dealing solely with legislative reforms at RFC.

Capehart said he and Bricker will file their report "whether the Democrats like it or not."

# GOOSE, NOT GEESE SAYS MELCHIOR

Seattle, Aug. 17 (AP)—It was a goose, not geese.

That was the defense offered today by Lauritz Melchior, the Danish tenor who was charged by the government earlier this week with illegal possession of geese at Pensacola, Fla.

Melchior, who stands six feet, four inches, and scales better than 200 pounds, was interviewed on his arrival here for personal appearances. Commenting on the Pensacola goose business, he said:

"One goose I shot. Just one in three days of hunting. They call that illegal geese."

He shook his head in apparent bewilderment, then continued: "I'm hunting with three other men. Suddenly, up comes a photographer who wants a picture for a sports magazine. So they load me up with five geese and take the picture. Now somebody sees the picture and accuses me of illegal geese. What can I do? I have a lot to do to set that right."

# 18 COMPETE CHANNEL SWIM

Dover, Eng., Aug. (AP)—An Egyptian army officer and a British ballroom dancing queen took top honors in yesterday's mass swimming assault on the treacherous English Channel.

Hassan Hamad, 34-year-old army officer from Cairo, won the London Daily Mail's cross channel race from Cape Gris Nez, France, to Britain's Cliffs of Dover in a photo finish over Frenchman Roger Le Morvan, 27. Hamad's winning time was 12 hours and 12 minutes.

Brenda Fisher of Britain was the first woman to touch shore, and apparently she set a new women's record of 12 hours 43 minutes for the crossing. This tops the record by Florence Chadwick of San Diego, Calif., who made it in 13 hours 23 minutes. Miss Fisher's time, however, is subject to a re-check by the judges today.

Hamad and Miss Fisher both get a \$1,000 (\$2,800) first prize. Le Morvan crawled ashore only one minute behind Hamad at a point five miles away. Of the 20 who started, 18 finished the grueling race.

The name, he said, is a natural: "Eve."

# TOMMY BYRNE SNAPS TRIBE'S STREAK AT 13

(By The Associated Press)

BY JACK HAND

Tommy Byrne, a hard luck guy from way back, found No. 13 the charm to ending Cleveland's all-winning run toward the American league pennant.

The ex-Yankee, shunted to the last place St. Louis Browns in mid-June, made his 13th start of the season yesterday. It coincided with a 13-game Cleveland win string. The result was rough on the Indians, whose lead was reduced to 1½ games by a 4-0 loss.

No Cleveland club ever won more than 13 in a row. The 1942 team got that far in May before Boston dumped them. The current Tribe tied that mark Wednesday night.

## Brooklyn Bumped Again

Byrne took complete charge of ending the streak by driving home all four runs off loser Mike Garcia before he left the game with a sore back in the eighth. Duane Pillette finished the shutout job on Cleveland which hadn't lost since August 1.

The 5-3 New York victory at Washington slashed a full game off the Indians' lead. Both of the other first division clubs lost—Boston to Philadelphia, 10-2, and Chicago to Detroit, 2-1.

There were faint stirrings of hope for a belated race in the National after New York knocked off Brooklyn, 2-1, for a series sweep and a six-game winning streak. The Dodger lead, however, still measured 9½ games with 43 to play.

St. Louis broke loose with six runs in the seventh to trim Pittsburgh, 9-6, and Chicago exploded four in the ninth to whip Cincinnati, 8-4, in the only night game in the majors. Boston and Philadelphia were not scheduled.

## 17th Win For Maglie

Byrne's performance against Cleveland was a super job. Always plagued by wildness, he handed out only four walks. Until he left in the eighth he allowed only two hits. One of the hits was a double by Larry Doby who pulled a muscle in his left leg on the play.

Sal Maglie threw a four-hitter at the Dodgers for his 17th win. It took a wild pitch by Don Newcombe with two out in the seventh to give the Giants the run that proved decisive. Billy Cox's homer gave the Dodgers their only run.

Gerry Staley, coming back on relief after losing Wednesday night, picked up his 14th win for the Cards at the expense of Murry Dickson. Stan Musial's 27th homer with two on in the sixth preceded the six-run St. Louis uprising in the seventh.

## G-BURG UPSETS LETTERKENNY 9

The Gettysburg team which will be host to the Pennsylvania State Amateur Softball association tournament here starting this evening, warmed up for the occasion by defeating Letterkenny 9-4 Thursday evening.

Clarence Dorm and Joe Lakich divided the hurling for the locals, the former pitching the first five frames. Between them they yielded three hits. Gettysburg secured but four hits but made use of wildness on the part of Matie and ragged fielding by Letterkenny.

A number of local players selected to take part in the tourney were not present for the game but reported they will be on hand tonight at 7 when Prince AA of York will be met in the opening tournament tilt.

## SIX GAMES ON SUNDAY CARD

Only the Pen-Mar Baseball league will have a full schedule of games in the local leagues on Sunday.

The league-leading Taneytown will be host to McSherrytown; second place Fairfield will be at Emmitburg; Cashtown will play at Thurmont, and Westminster will be at Littlestown.

The regular season of the three-team Penn-Adams loop will be concluded Sunday when Wenksville plays at Bendersville. No playoffs will be played in the league.

In the South Penn circuit Hunterstown and Granite will clash again at New Oxford to decide possession of second and third place. The start of the championship playoffs have now been set back.

In 79 Sand Traps there are 82 sand traps on the course. I was in 79 of them. I saw so much sand that once I forgot and thought it was Sunday afternoon at Jones Beach.

On the other hand, I felt that some of my contemporaries completely missed the point. They kept hitting the ball out front where the grass is cut low. I utilized my wicked hook and screaming slice to explore sections of Saucon previously uncharted by man.

Willie Turnesa can take it from one who knows. Don't slice on No. 16 unless you have had equipment and are prepared to stay for the night.

## How About Horseshoes?

The word "Saucon" comes from the Indians. It means "little creek running into big creek." So I had to try the creeks, too—little creeks and big creeks.

Everything was just lovely, in fact, until right at the end of the day. I had just tipped my caddy a nickel—this tipping habit can be as atrocious—and was counting up my score, "one hundred and twelve, one hundred and thirteen—" when my caddy, Dick King, froze me with the comment:

"Excuse me, mister," he said. "Have you ever tried horseshoes?"

## Sport Shorts

Doylstown, Pa., Aug. 17 (AP)—A no-hit, no-run game and a one-hit, shutout highlighted the opening of the State American Legion's Kneehill Baseball tournament here.

Bob Nonemaker recorded the no-hitter in leading Lancaster to an 8-0 victory over Tamaqua yesterday. Almost duplicating Nonemaker's feat was Jim Bergy who allowed Jack's A.C. of Philadelphia, only one hit in pitching Soudertown to an 8-0 victory.

## COUNTY TEAM GAINS FINALS

Idaville earned a berth in the Cumberland County League's title series Thursday by turning back Mt. Holly Springs, regulation championship, 10-4, to clinch the opening round 3-1.

The other opening bracket showed a 2-2 rating when Shippensburg Legion defeated Friendship Firemen, 8-4. The clincher game in this series will be played today at Shippensburg.

R. Griffie won for Idaville in a relief role. He replaced starter Fidler in the second frame before his mates exploded for seven runs in the third to ice the game. Staub homered in the sixth for Idaville.

## Interstate League

(By The Associated Press)

The margin of difference between first-place Hagerstown and second-place Allentown in the nip-and-tuck Interstate league pennant race remained at one game today after the two clubs split a doubleheader last night.

Allentown momentarily climbed into a first-place tie after knocking off the Braves 4-3 in the opener, but Hagerstown blanked the Canaries 4-0 in the nightcap and ended a 15-game Allentown win streak. The two teams meet again tonight.

Wilmington's Blue Rocks, last year's champions, dropped a half game deeper into third place as a result of a 3-2 loss to Sunbury. Wilmington is now nine full games out of first.

Salisbury's Athletics, deep in the cellar, joined the Harrisburg Senators 5-3 in a 10-inning contest. St. Demenna's two-run homer was the game-winning blow.

York's White Roses, meantime, went 11 innings before edging Lancaster 5-4.

Pick Browns To Defeat All-Stars

Chicago, Aug. 17 (AP)—The proud, prancing college all-stars tonight are expected to learn what football really is all about when they crash into the amazing pro champion Cleveland Browns before 90,000 at Soldier Field in a be-spangled send-off of the 1951 grid season.

The all-star spectacle, starting at 8:30 p.m. (EST), will be televised and broadcast.

Herman Hickman's all-stars are packed with the cream of the 1950 collegiate crop owning scrap-books that would pile higher than the ornate pillars that puncture the sky at tonight's battle scene on Chicago's lake front.

But the wise money says Paul Brown's national football league champs will win by at least two touchdowns in this 18th classic of a series in which the pros lead nine to six, with two games tied.

South Penn Baseball League

Title playoffs in the South Penn Baseball league will be delayed at least another week as the result of the 5-5 tie played between Hunters-town and Granite Thursday evening at New Oxford. Darkness halted the game.

The contest was arranged in order to determine which teams would occupy the second and third spots in the playoffs, they having finished the regular season in a tie for second place.

Arrangements were made to have the game replayed at New Oxford Sunday afternoon at 2 o'clock.

Hunterstown tabbed two runs in the top of the first inning and three in the fourth while Granite got two in the third and three in the sixth. Benny Miller and Clyde Cleveland formed the battery for Hunters-town while Hoffman and Holub performed for Granite.

MANHEIM GAINS FINALS

York, Pa., Aug. 17 (AP)—The Manheim, Pa., Chix pushed their way into the finals of the Mason-Dixon midwest baseball tournament last night with a 7-5 decision over York City All Stars. Manheim meets Mt. Rainier, Md., tomorrow night for the title.

## SCHOOLBOY GRID SEASON BEGINS

Harrisburg, Aug. 17 (AP)—More than 30,000 Pennsylvania youths report to their high school coaches tomorrow as pre-season practice starts for the 1951 scholastic football season.

Tomorrow is the first day members of the Pennsylvania Interscholastic Athletic association are permitted to assemble teams in preparation for opening games three weeks away. The PIAA is the governing body of 1,067 public schools.

The majority of the state's some 800 schoolboy grid teams will open their schedules on Friday night, Sept. 5—the first date for interschool games permitted by the PIAA.

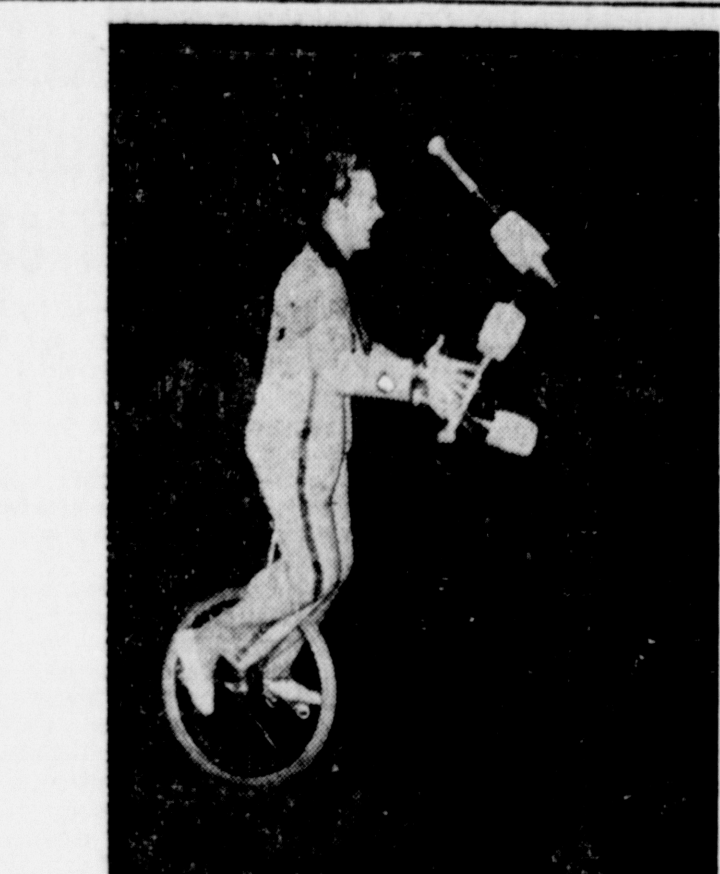

Edmund Wicht, veteran PIAA executive director, predicted one of the best seasons in history for Pennsylvania high school football. "Football continues to grow in interest and we expect to have more teams playing than ever before," he told a reporter.

The first day activities will be confined for the most part to physical examinations and the issuing of equipment. Actual contact drills will get underway for most teams next week. More schools have reported the establishment of separate football training camps out in the country but still most of the teams will do their conditioning on their local playing fields.

### HOME FROM OCEAN CITY

Mr. and Mrs. H. G. Haverstock, Heidersburg; Mr. and Mrs. William Haverstock and daughters, Donna Lou and Jo Ann, and Miss Dolores Minsky, Mrs. Minerva Coulson, Mrs. Elvia Davidson and Miss Mildred Haverstock returned home from a week's vacation at Ocean City, Md.

Dennis' act will be one of many in the stage production to be shown in Memorial auditorium at the fair.

## EVALUATING YOURSELF

We go over the things we possess and put a value upon them, and say that we are worth so much in a material way. Wouldn't it be a good thing to take an invoice upon ourselves and try to figure out our worth to ourselves and to those about us?

All of us should be justly proud of the inherited gifts that are ours. We should try our best to make use of everything that we are, and try to gradually grow in stature day by day. We can become more and more mature in a mental, physical and spiritual way. Especially in the latter.

If we don't think much of ourselves and our abilities, or possibilities, we may be very sure that others are not going to pay much attention to us. A positive character attracts others as does a magnet its kind. If people do not take up with us we should find out the reason why. There isn't a single human being who doesn't have something that no one else has! You see, each one of us is what Emerson called "an unique."

We should be experimenters—all the time seeking for some way to make our lives more expressive and useful. The study of great lives has often meant a turning point in many a life. We are inspired by the examples of others.

The story in the Bible of "The Prodigal Son" is a realistic one. That boy thought he knew more than his father or friends, and so went from his home to try out a life of pleasure, but he soon discovered his mistake, and started to evaluate himself. Then he showed courage. He said: "I will arise and go to my father!" You can imagine the meeting of the two. No artist so pictured the event as did Porcin in his noble etching, known as "The Prodigal Son." It has long been a favorite of mine.

It often takes a jolt to wake us up to what we ought to be and do. Then we begin to take note and evaluate our life and put it on a higher road, with the flag of courage at the mast. It is possible for the mind and spirit to have many a rebirth.

Tomorrow Mr. Adams will talk on the subject: "This Friendly Earth."

## APPLES

I've always called them apples.  
I've a tree on which they're grown.  
But a state fair book informs me by a name each one is known.  
And when the harvest's over they're submitted to a test  
For the prizes that are offered for each family's yearly best.

There's the McIntosh and Baldwin and the Jonathan and Grimes;  
There's the Cortland and the Tolman and some names that have no rhymes.  
There's a Stark and a Ben Davis and a Wagener and a King;  
A Chenango and a Hyslop—all from blossoms in the spring.

I am going out to meet them at the opening of the show,  
For every apple family by its name I'd like to know.  
I've always called them apples, in a dish or sauce or pies.  
Now I want to watch the Baldwins and the Greenings win a prize.

## ESCAPED KILLER IS RE-CAPTURED ON STREET CAR

Chicago, Aug. 17 (AP)—Harry Williams, the husky killer who beat a guard to death and escaped from a death cell in the Cook county jail, was captured on a street car without a struggle last night.

The 20-year-old Negro's capture lacked the dramatic overtones of his escape over the jail wall less than 47 hours before.

Williams, neatly dressed, was riding in a street car reading a Bible when four policemen in a squad car spotted him. Two of the officers, in plain clothes, quietly boarded the car, captured Williams and took him off. Other passengers apparently didn't know what was going on.

**Surrenders Meekly**  
Williams surrendered meekly, insisting that police had the wrong man, that his name was "Billy Lilly." He had a driver's license bearing that name. But police fingerprinted him and established his identity. Williams, sullen and smirking by turns, was questioned more than two hours and finally admitted his identity.

Williams, a slayer, had removed a steel plate from his cell in the death row Tuesday night, just a month to the day before his scheduled execution for murdering a Negro woman in a purse snatching attempt.

The six-foot, two-inch slayer shimmied up to the roof of the jail through a ventilating shaft. He lowered himself to the ground with a rope he had made of bed sheets. He climbed into a nearby guard tower on the wall and beat to death Guard George Turley, 43. Then he dropped to the ground outside the wall.

**"Shoot To Kill" Orders**  
More than 1,000 policemen with "shoot to kill" orders sought Williams. Squads chased down many clues. Sheriff John E. Babb personally offered a \$1,000 reward for Williams' capture, dead or alive. Police guarded four homes whose occupants they feared he might harm.

A wholesale investigation of alleged "laxity" at the big jail is under way. A guard was fired and a jail official was demoted.

Some neat police work brought about Williams' capture. Last night Williams rang the doorbell of Mrs. Addie Hearn, 44, a distant relative by marriage, on the far South Side. Mrs. Hearn saw him through a window and telephoned police. Williams continued ringing until he heard the sirens of an approaching police car. Then he fled.

Police Sgt. Vincent Cunningham of the homicide detail and his squad of three officers followed up this report. They figured that the nearest spot where Williams could board a street car was 115th and Morgan streets. They rushed to 95th and State streets, where all north-bound street cars on that line must stop. They parked and waited. Williams was on the third car that passed the corner. A floor show from Baltimore provided the entertainment.

**Return From Trip:** Miss Louise Ramer and Miss Ruth Scott, of Gettysburg; Miss Dorothy Boyer, of Arendtsville, and Miss June Richards, of Harrisburg, returned Wednesday evening from a 12,000 mile motor trip through 22 states and 2 Canadian provinces.

Dr. and Mrs. Ralph D. Wickerham and family returned Thursday evening from Geneva on Lake Erie where they spent two weeks.

## Suitor Kills Girl Friend, Her Mother, Fires House, Suicides

Lakewood, N. J., Aug. 17 (AP)—A love-crazed suitor killed his attractive girl friend and her aged mother last night, fired their house, and then shot himself to death as police flushed him out of a thicket.

A third woman was rushed to nearby Paul Kimball hospital with a .32-caliber bullet lodged in her spine. She was in poor condition today. A fourth was spared by the killer so she could "be a witness."

Ocean County Detective George Westervelt identified the dead woman as Mrs. Anna Talpan, about 45, of Hillside, N. J., and her 87-year-old mother, Mrs. Kuzanna Kaczmasz. Wounded in the wild affray was Mrs. Alexandria Prunkoff of Passaic, N. J., a visitor at the Kaczmasz home.

Their assailant was identified as 45-year-old Pawel Yasiewicz, a Polish DP believed to be from New York. Westervelt said Yasiewicz pulled out a .32-caliber revolver and blasted away at the women during a quiet family gathering. He fled the house after setting it afire but returned to the scene a short time later only to turn his gun on himself as police closed in. Firemen put the blaze out.

Damage was slight.

Lakewood, famed pine belt resort, is about 60 miles from Vineland and Camden, scene of New Jersey's last most publicized multiple killings.

Police were able to piece together the events leading to the slayings after talking to 30-year-old Nadine Sarakwsh who was in the house at the time.

Officer Harry Justus quoted her as saying Yasiewicz spared her life so she could "be a witness" to the shootings.

## S. KOREA ASKS \$100 MILLION

Washington, Aug. 17 (AP)—South Korea has handed the United States a bill, and asked prompt payment of \$100,000,000 for goods and services supplied to American fighting forces. Ambassador You Chan Yang told reporters yesterday he appealed for the money during a call on Assistant Secretary of State Dean Rusk. He added that the State department

favors the payment.

Under agreement with nations fighting in Korea, Dr. Yang said bills for foodstuffs, material and labor furnished their troops were to have been presented after the war ended. But he explained that his government needs the money now to help fight inflation.

Tokyo, Aug. 17 (AP)—The United Nations has given the Republic of Korea \$366,000,000 in relief supplies, equipment and services since the war began, the Far East command announced today.

Of the total, \$350,000,000 came from the United States.

## They Like it a Million!

Last week Buick set a proud record. The millionth Dynaflo Drive\* was delivered to a happy owner.

That's a new peak in popularity for modern drives which take you from a standing start to any cruising speed desired with a smooth, unfaltering swoop of power.

"The biggest advance since the self-starter" is what the motorwise press called this Buick development back in 1948—and now a million owners can tell you how right that proved to be.

Here, they found, was a basically different way of delivering power. It was the first drive to get completely away from any gears which function in a series of fixed stages—the first to apply supercharging principles that did new tricks with spinning oil.

And how folks loved it!

They loved the freedom from strain in traffic. And the new "sweetness" of ride which every passenger could enjoy.

They loved the command it gives them of every traffic situation—and the relaxation it contributes to a long day's drive.

They loved its extra safety in slippery going, and the improved control in mud and snow.

As they piled up experience, they loved the unexpected savings of rear tire wear and the reduced strain on all driving parts, from engine to differential.

And finally—they loved what it does for the value of a Buick, as reflected in the extra dollars that Dynaflo\* adds to the resale price of a car.

Have you sampled this driving sensation?

There's no time like the present for discovering the thrills that more than a million Buick owners already know.

Equipment, accessories, trim and models are subject to change without notice. \*Standard on ROADMASTER, optional extra cost on other Series.

## Sunday School Lesson

By

Rev. Dr. Howard R. and Margaret C. Gold

### RESPECT FOR LAW

Luke 20:19-26, 1 Peter 2:13-17

Memory Selection: Render to Caesar the things that are Caesar's and to God the things that are God's. Luke 20:25.

For our study today we have an important and much discussed principle—respect for law established by governments. The subject

is approached from the Christian point of view as presented by Jesus and the Apostle Peter.

### The Occasion

It was near the end of our Lord's earthly ministry. The Pharisees and others had become His bitter enemies. They were plotting against His life but were frustrated because of His great popularity. So, to ac-

complish their purpose, they engaged spies into whose mouth was put a leading question. If Jesus answered affirmatively He could be denounced as a traitor to His own people who were chafing under a heavy tax burden. If He answered negatively He could be convicted of treason against Rome, whose emperor at the time was Caesar.

The question: "Is it lawful for us to give tribute to Caesar, or not?" It was put after Jesus had been hypocritically complimented as one who showed no partiality and truly taught the way of God. The answer Jesus gave was not expected. He asked for a coin in currency at the time and asked whose image was

inscribed upon it. "Caesar's" was the reply. "Then render to Caesar the things that are Caesar's, and to God the things that are God's," was the Lord's prompt answer. The catch-question had failed. The Pharisees and spies marveled and were silent. Nevertheless, on Good Friday enemies of Jesus came before the Roman governor and testified, "We found this man perverting our nation and forbidding us to give tribute to Caesar." Upon the testimony of that lie the Lord was crucified.

### The Meaning

The hateful and blundering Pharisees furnished at least the occasion for the declaration by Jesus

of a momentous truth pertaining to human and to divine relationships. This principle recognizes that law and order are a necessity and perform a function that must be respected. The agency to carry out this duty is a government. A government's area of responsibility is human relations and these are numerous and important; they grow in importance as life becomes more complex and more people occupy given areas of the earth. To carry on government is expensive and that means taxation. A good Christian will respect law and order and share in the expense. In our form of government the citizen has

## THE DREAMER

His sister is "growing up," ever becoming more "sensible." But he is still a dreamer . . . forever chewing on a blade of grass and thinking of happy tomorrows . . . forever staring into space to behold the man he wants to become.

The Bible tells of another dreamer—the youthful Joseph. He, too, had visions of great tomorrows . . . that's why his brothers sold him into slavery!

Older folks don't always understand the dreams of youth. Even loving parents sometimes stifle the visions that shine in the eyes of a growing boy. They don't realize that dreams can come true.

The dreams that are written in a boy's bright face are the seeds of great living. But to find root and to bring forth their harvest, they need moral and spiritual nourishment.

The Church understands your child's dreams! The Church's program of religious training aims to develop character, courage and faith. And these turn youthful dreamers into great men!

## THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the Church of his choice. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to Church on Sunday.

## LAUNCH DRIVE ON GI SCHOOLS

Harrisburg, Aug. 17 (P)—The state today opened a full-scale drive to close "at least two and possibly three dozen" GI schools in the commonwealth.

The Dauphin county court yesterday dismissed an appeal by three schools in the Scranton-Wilkes-Barre area from a state order withdrawing their approval certificates, clearing the way for the drive.

Dismissal of the appeal affirmed the state stand that it has the power to close the schools and that the county court has no jurisdiction in the case. The court dismissed the appeal on just those grounds.

# LOOHPHOLE TAX IS BEFORE FINE FOR SIGNATURE

Harrisburg, Aug. 17 (AP)—Pennsylvania may realize a \$15,000,000 boost in corporation tax revenues under a new tax law now before Gov. John S. Fine for final approval.

The levy was designed to close a multi-million dollar loophole in the state's five per cent corporate net income tax.

It won speedy approval in the General Assembly this week despite the body's marathon feud over other tax proposals. It passed the Senate with only one dissenting vote after winning unanimous approval in the House.

**Guess On Income**

The new levy is expected by tax experts to produce anywhere from \$5,000,000 to \$15,000,000 in new revenue. These estimates are regarded at best as only a guess, however, since there is no previous experience with the tax. The returns could run higher or lower than anticipated.

The new tax is the first of its kind ever drafted by any state. It was prepared to fill a loophole in the state's corporate net income tax. The latter levy now exempts corporations engaging exclusively in interstate commerce even though their operations reach into Pennsylvania.

The loophole plugging levy would impose a property tax on such corporations based on their facilities operating within the commonwealth.

**Effective At Once**

A state tax expert said the new tax will place such corporations on a competitively fairer basis with Pennsylvania industries now paying the state's corporate net income tax. Pennsylvania industries which engage in interstate commerce or operate beyond Keystone borders have been required to pay the CNI tax while outside interstate organizations previously have escaped it.

The new tax will go into effect immediately upon receiving the governor's signature. It is a temporary type tax, scheduled to expire at the end of the 1953 fiscal period unless re-enacted.

It was not included in the governor's budget for the next two years since it was not drafted until after the budget was prepared. The returns are expected to ease to some degree the state's present fiscal hardships.

Failure of Senate Republicans to endorse the governor's proposed state income tax has left an \$111,000,000 gap in his state budget for the next two years. An alternate tax program to replace the income levy has been prepared by Senate Republicans and is now under study by the House GOP membership.

# Baltimore Livestock

**CATTLE**—Fresh receipts estimated at 900 were augmented by an additional 600 head from earlier in the week. Week to date volume estimated at 4,350 to beat last week's run of 300 and to make largest four-day supply since the second week of last December. Included in total salable receipts was equivalent of 13 loads of slaughter steers, mainly grain-fed, and a few wintered grass-fat offerings and 19 loads of stock cattle which included several loads of two-year cattle. Balance of run consisted largely of cows and bulls.

Generally speaking, killing quality was about the same as earlier in the week and last week, but water fills in most instances were more pronounced than the forepart of the week. A full complement of local as well as out-of-town buyers was present and with the exception of bulls trading was fairly active throughout the session. Pennsylvania feeder buyers again well represented and were aggressive buyers on most two-way cattle that would grade commercial and good for slaughterers. Cutters to utility grade lightweight sausage bulls also in fairly good demand, but weighty commercial grade offerings moved slowly.

Sales in slaughter steer department generally fully steady with yesterday's trade or strong to 80c higher compared with Monday's dealings. Supply consisted largely of good and choice, \$35 to \$40. Lateral prices for few commercial bulls, 1200-pound averages. Hardly enough heifers on sale to permit an accurate comparison of prices. Odd head good heifers, \$20-31, and a few utility and commercial offerings, \$25-29.50.

Steady prices the general rule in cow department but underdone definitely weaker. Few commercial cows, \$27-29.50, and odd good young offerings on the higher order, \$31 to \$35. Ewes, \$25-27, but most of the supply, \$25-26. Extremes in canner and cuttoned, \$17-24.50, mostly \$18-24.50.

Bulls steady for most part but commercial grade sausage offerings with weight suffered declines of 20-30c, in instances late. A few commercial bulls, \$22-31; utility, \$26-28; cutter lightweight dairy bred, \$23-25.

Livestock market noted in price levels of stocker and feeder cattle compared with earlier in the week. Numerous loads and smaller lots of good and choice, \$50-61.8 pound stockers and feeders, \$42-50-54.50, one short load of around 675 pound, \$36.50; some common and medium 451 pound calves, \$29.50.

**CALVES**—Trading extremely slow in opening rounds and never more than moderately active at best. Resistance to lower bids was the chief factor in the slow dealings. Trading finally developed about 10:30 with a few lots of choice and prime vealers at \$40-41, top \$41. Mixed lots of good to prime, \$36-40, while most of the

# Quick Action Saves Life After Snakebite

Pottsville, Pa., Aug. 17 (AP)—Quick action when bitten by a rattlesnake may have saved the life of Fred Wise, 17, of nearby Reinerton.

He is reported out of danger today at Pottsville hospital.

Wise was fishing in Dauphin county at Clark's Valley dam. The snake bit him on the calf of a leg and he slashed the wound with a knife until it bled profusely. Then he applied a tourniquet and called for help.

A Tower City community ambulance brought him to the hospital.

# DROWNS TRYING TO RESCUE PAIR

Georgetown, Del., Aug. 17 (AP)—A 46-year-old Chester, Pa., automobile plant worker drowned in Indian River bay yesterday while trying to rescue a daughter and a nephew who had floated out too far on tire inner tubes.

The body of Andrew Wilhelm Lesky, of Philadelphia, was recovered five hours after he sank below the water's surface. He was a power saw operator at the Ford Motor company's Chester plant.

Sussex County Coroner William Marvel said Lesky's daughter, Arlene, 23, and his nephew, Paul Lesky, Jr., 12, called for help when they drifted into the bay.

Lesky, who was digging for clams in waist-deep water, tried to swim to Arlene but was weighed down by his clothing and the clams he had in his pockets, Marvel said.

Three youths towed Arlene and Paul to shore.

Lesky is survived by his widow and three children, including Arlene.

# GOP TRIES TO CUT FOREIGN AID

Washington, Aug. 17 (AP)—House Republicans massed strength today behind a drive to cut \$2,000,000,000 from the administration's \$8,500,000,000 foreign aid program.

Democratic leaders were confident they could blunt the drive but were not too certain they could prevent all of the proposed cut.

The \$2,000,000,000 GOP target includes \$651,250,000 already trimmed from the aid program by the House Foreign Affairs committee. The additional \$1,400,000,000 many Republicans want to cut would come out of both military and economic aid, with Europe getting the heaviest trimming, around \$900,000,000.

No attempt is expected to be made to cut the \$415,000,000 aid proposed for Greece and Turkey or the \$62,000,000 for South American countries.

And not all Republicans are in sympathy with the drive for the big reductions. Rev. Vorys (R-Ohio), a member of the foreign affairs committee, told newsmen he believes an overall reduction of \$1,000,000,000 would be in order. He indicated he would oppose further trimming. Showdown voting is slated for late today.

# Banker Seeking \$50,000 For Release

New Kensington, Pa., Aug. 17 (AP)—President Ludwig R. Schiekat of the Parnassus National bank sought \$50,000 bond today to win his release from the Allegheny county jail on charges of looting his bank of \$600,000.

A U. S. commissioner ordered a hearing (at 1 p.m., EST) to give the 40-year-old banker, father of two, opportunity to post bail. Schiekat was ordered held for court yesterday.

Meanwhile, residents of this aluminum producing capital still expressed shock and bewilderment over the swift turn of events which put one of the town's most respected citizens behind bars.

One resident said: "Something must be wrong when a man can take large sums of money for so many years without discovery."

# Asks Court Not To Oust Johnson Appeal

Washington, Aug. 17 (AP)—Attorney Charles J. Margiotti has asked the U. S. Court of Appeals to reject a recommendation to dismiss the appeal of former Federal Judge Albert W. Johnson of Pennsylvania for back pay and restoration of salary.

Margiotti is counsel for Johnson who resigned from the bench of the Pennsylvania Middle District Court in 1945 while the House Judiciary Committee was investigating his judicial conduct.

Johnson is seeking restoration for life of the \$10,000 annual salary he was receiving at the time of his resignation, plus back pay of \$26,166.

Shortly after Johnson resigned he renounced any right to further pay in a letter dated July 14, 1945. Three years later he said he was "ill mentally and physically" when he wrote the letter.

a voice in government and should exercise his rights.

But there is a divine allegiance as well as loyalty to a human order. Indeed to "render to God the things that are God's" is our first duty. The two loyalties need not clash but if they do we have a formula for decision: "We must obey God rather than men," as Peter and his fellow Apostles declared. Our generation is faced with a most serious clash with a Godless communism. Many an earnest Christian is called upon to decide between God and the state in which he lives. In the end Christianity will prevail but while it lasts the conflict severely tries men's souls.

The separation of the church and the state is a principle that must be guarded at all times. Neither one should dominate the other. The two can be of mutual help. A free church rather than a state church is the preferred church as is implied in the answer given by Jesus to the catch-question posed by the Pharisees.

# Peter's Counsel

It was Peter who declared that in a conflict between the two authorities we must obey God rather than men. But in the area of life where the government is supreme he urged citizens to be loyal and obedient "to every ordinance" and to do it for the Lord's sake. He realized that law and order are required; evildoers must be restrained and punished; honest citizens commended; liberty not used for an excuse to do wrong.

A Christian citizen will exercise love and regard toward his fellow citizens in all things, and in so doing will aid in developing a wholesome state. Then protection to all will be guaranteed, freedom preserved and all causes for righteousness, including the church, will be encouraged in their respective endeavors.

# MOTHER, CHILD PERISH IN CRASH

Philadelphia, Aug. 17 (AP)—Three persons were killed last night in a flaming, head-on collision on a tree-lined Fairmount Park river drive.

One car ignited like a huge torch, trapping a 40-year-old woman and her three-year-old son inside. Both were burned beyond recognition. The husband and father was thrown clear of the car by the force of the impact. He died instantly.

The driver of the other car, which had been reported to police as stolen a few hours earlier, staggered from the scene bleeding from a head wound. Two hours later police arrested a slightly injured man and woman and identified the man as the driver of the car.

Killed in the crash were John J. Rynock, 42; his wife, Edna, 40, and their only child, Jackie, three.

So intense was the blaze inside the Rynock auto that the tree into which it caromed after the collision caught fire, casting an eerie light upon the gruesome scene.

Hundreds of motorists, caught in the traffic jam that followed the crash, watched helplessly as Mrs. Rynock struggled vainly to save her small son from the fiercely-burning, gasoline-fed flames. But the heat of the fire drove back would-be rescuers in their repeated attempts to reach the mother and child.

The driver of the car was identified by police as Jesse Waddell, 26. He and a companion who fled the scene with him, Rosalie Snelling, were held on open charges pending a hearing. The girl suffered burns of the arm. Police said the car Waddell drove was reported stolen by Waddell's brother, James, several hours before the crash.

### GREETING THE DAYLILIES

Perhaps no one has failed to observe the reddish-orange flowers growing in clumps along highways and especially around long-abandoned farmhouses. These are Daylilies, occasionally called Lemon lily and listed in nursery and seed catalogues as Hemerocallis — literally meaning "lily for a day." But, as many satisfied growers know, the derivation is no longer true. Daylilies are rapidly moving to the front among desirable ornamentals with merits based on their long flowering season, general hardiness and remarkable immunity to diseases and freedom from insect enemies.

Through many years of plant breeding there have been developed numerous beautiful colors and shades, with the blooming season extended from late May until late September. Among scores of prominent named varieties the following are cited in the five groups as regards season for flowering:

Early—Elfin, Earliana, Sovereign, Flave, Caprice and Brunette.

Medium early—Symphony, Royal Beauty, Gioriana, Modesty and Zouave.

Mid-season—Gaiety, Bijou, Serenade, Helen Fischer, Prima Donna, Manchu, Caballero, Persian Princess, Taruga, Hyperion, Grandiflora, Linda, Chianti, Chloe, J. S. Gaynor, Princess, Fair Morn and Majestic.

Late—Moonbeam, White Lady, Autumn Red, Honey Red Head, Hesperus, Boutonniere, Vulcan and August Orange.

Very late—Theron, Tokay and Autumn Prince.

There are at least 40 additional

worthy named varieties which deserve inclusion in these timed groups, but this listing is offered to show the large number of daylilies available for an all-summer display of color.

If one were asked to name the most beautiful member of the Hemerocallis genus, which is truly a difficult task in the face of so many wonderful creations of color, we would perhaps settle on Hyperion. It is a delicate citron-yellow flower of unusual size with delightful fragrance. But likewise there are many others meriting special mention. For example, the Bacchus is the darkest of all daylilies, a dark purplish shade combined with mahogany. Or another, Tasmania, is worth mentioning for its marvelous Chinese coral shade.

Daylilies thrive in sun or partial shade. They do well in a wide range of soil types. Of course, they attain their peak of vigorous beauty where the loam is deeply mellow and well drained, with plenty of moisture-holding organic matter in it.

At this time of the year prospective growers should obtain catalogues to study offerings. Roots should be ordered soon for mid-September delivery and planting. They may be planted as late as October, but September plantings are recommended by experienced growers.

Old clumps should be lifted, divided and replanted in September every three or four years to avoid undue crowding and decadent plant vigor. Additional plants are provided by these divisions.

Because old naturalized clumps are seen thriving in fence rows and weed-filled areas around abandoned farms, beginners should not assume

that daylilies prefer neglect. Clean tillage is beneficial. The editor invites all related questions readers wish to ask.

### FACTS ABOUT BLACK LOCUST

Owners of suitable idle land who doubt the wisdom of growing black locust trees as a cash farm crop may easily convince themselves of their error by trying to buy high grade fence posts. At prevailing retail prices of posts it is scarcely debatable that a planting of black locust is one of the soundest investments of materials and labor

possible on farms today.

This tree makes fairly good growth on thin, worn land, even on exposed banks and in gullies. In such roles they serve, of course, in the best way to check surface erosion and to hold gullying soils with their long tapering roots. In fact, few other woody plants equal black locust for salvaging land menaced by gullying and sheet erosion. That a crop of high-quality, high-priced timber can be produced at the same time that soil is saved merely doubles the reasons for considering

this tree for farm culture. The fastest growth is obtained where loams are deep and fertile, such as in old fence rows.

There are three main ways to start black locust plantings: (1) Buy and set out nursery seedlings; (2) Transplant sprouts (volunteer shoots) from established clumps; (3) Grow seedlings from seed.

The first method is usually advisable where but a few specimens are needed. However, several states furnish their citizens black locust seedlings at cost, in which case this

source is by far the most economical.

The second method is the least expensive where a small planting is planned and vigorous sprouts are procurable. These may be moved in late fall after they are dormant, during mild weather over the winter or in early spring before growth starts. Perhaps late fall transplanting is preferable where the soil is well drained and not subject to winter heaving.

Where seed from high-quality trees is available, and especially

where a large number of trees is desired, the third method is by far the most economical. Seed should be gathered soon after it is ripe and stored dry over winter. It should be sown in narrow rows in a fertile, sunny garden bed early in the spring. The small trees may be moved to their growing place when they are one year old.

Black locust should be spaced as close as 4 feet apart each way where erosion control is the major goal, 6 to 10 feet for timber growing. Idle fence rows are ideal sites for black

locust because the soil there is usually fertile and well drained. Too, properly spaced trees may later be utilized for fencing supports by fastening a 2x4 upright against the trunk for stapling purposes. Like black walnut trees, black locust interferes little with crops in adjoining fields.

Ordinary water softens hair, but does not change the arrangement of the molecules in it and therefore effects no permanent curling as a permanent waving solution does.

### SPORTSMEN TO HOLD CORN BAKE

The August meeting of the Littlestown Fire and Game association, Inc., was held on Wednesday evening. The members met early in the evening to help tear down the pheasant pen on the Thomas C. The men then met in the Fish and Game clubhouse to conduct the business session. The meeting was in charge of Robert J. Stonesifer, vice president, in the absence of the president, Dr. Richard M. Phreaner. Routine business was conducted. It was decided to hold a corn bake in connection with the September meeting, to be held at the clubhouse Wednesday, September 12.

Vice President Stonesifer appointed the following to be in charge of the September meeting: William Renner, chairman, Earl Brumgard, James U. Bowers, Howard Trostle and Charles W. Snyder. Following the business a watermelon part was enjoyed. The August committee was composed of Stanley Weikert, chairman, Millard E. Basehoar, Jr., and Lawrence Crouse.

## They Like it a Million!

Last week Buick set a proud record.

The millionth Dynaflow Drive\* was delivered to a happy owner.

That's a new peak in popularity for modern drives which take you from a standing start to any cruising speed desired with a smooth, unfaltering swoop of power.

"The biggest advance since the self-starter" is what the motor-wise press called this Buick development back in 1948—and now a million owners can tell you

how right that proved to be.

Here, they found, was a basically different way of delivering power.

It was the first drive to get completely away from any gears which function in a series of fixed stages—the first to apply supercharging principles that did new tricks with spinning oil.

And how folks loved it!

They loved the freedom from strain in traffic. And the new "sweetness" of ride which every passenger could enjoy.

They loved the command it gives them of every traffic situation—and the relaxation it contributes to a long day's drive.

They loved its extra safety in slippery going, and the improved control in mud and snow.

As they had a chance to pile up experience, they loved the unexpected savings of rear tire wear and reduced strain on all driving parts, from engine to differential.

And finally—they loved what it does for the value of a Buick, as

reflected in the extra dollars that Dynaflow\* adds to the resale price of a car.

Have you sampled this driving sensation?

There's no time like the present for discovering the thrills that more than a million Buick owners already know.

Equipment, accessories, trim and models are subject to change without notice. \*Standard on ROADMASTER, optional at extra cost on other Series.

## How You May Gain New Strength—Feel Younger

If you are rundown — low spirited — have sleepless nights — no energy — nerves — poor appetite — don't be discouraged! Chances are you are just not getting your full daily requirements of the necessary vitamins and minerals from the food you eat.

What you should do is try FERRIZAN — the new dietary supplement and reconstructive tonic. FERRIZAN not only gives you your full quota of many of the essential vitamins but also supplies the equally important iron for the blood and iodine for the ductless glands plus needed Calcium and Phosphorus.

Often in ten days you may feel the difference; your friends notice it. Back comes your appetite — you should actually feel the urge to eat. Nerves can grow steadier; work easier; you may sleep more soundly.

So, why delay? Why not decide now to take FERRIZAN for 30 days and see yourself just how wonderful FERRIZAN can make you feel. Costs you only a few cents a day. Money refunded if not completely satisfied.
